Bamboo has clear and proven potential to change the country

Bamboo is a resource of the people. Bamboo is commonly processed by the people. Wherever possible, programs for the people should include bamboo as a material - that would provide a market and kick start the bamboo economy, leading to investment, and growing, processing, and higher levels of value addition. The approach: of the people, by the people, for the people needs to be taken to mainstream bamboo. Bamboo can generate millions of jobs in rural areas and also urban areas. Currently, an estimated 9 million people are employed in the bamboo sector. This can increase several-folds. The Webinar Series is intended to review the status of bamboo-based development in the country, identify various issues and necessary interventions, and develop a strategy white paper for bamboo-based sustainable development.

About The Speakers

Mr. David Mudzingwa Tapafuma is from Zimbabwe and comes from the Shona tribe. He was born on 9th December 1962 in Harare, where he is now living till. He completed his schooling till O level and then did some mechanical engineering. In 1977, when he was starting first secondary year, my head of school learned that I really loved music. Mr. David took music lessons from “St Peter's Kubatana High” or simply SPK. The Marimba had a large group which was the largest in their entire territory. In the coming years the school opened a workshop with the college to teach how to make and play all kinds of marimba. His teaching and acting skills made him a teacher, producer and artist. Recorded by him at BBC Studios. So far he has created many marimba sets and taught many students to children and adults. His life is full of great love.

Mr. Subhashis Sabyasachi Ghosh belongs from Kolkata; he holds a master's degree in Tabla from IKVS, Chhattisgarh. Junior Research Fellow, Music (Ministry of Culture, Government of India). His area of expertise is Tabla Pakhawaj, Drum (percussion) and Sitar (String int.). Important CDs released by him are: 'Master Stroke' and 'Bamboo Symphony' - Bihaan Sangeet, Kolkata. And 'Divine Drum' - Raga Sangeet, Kolkata. Special achievements in "Limca Book of Records" - 20011, both sides for pakhawajo (changing hand position from both sides - Ambidexterity Genius). "Patent granted for new invention" - Four Waves (musical instrument). He has been serving as a music teacher in various institutes of the country for the past several years.
